

It's Book Fair time!

This year, SACS is trying a new company to supply our book fair:

This is an Adventist book company located in Buchanan, MI (near Andrews University).

Our hope is to support an Adventist company while raising funds for our library and offering family friendly books to both our church and school families.

We will have many titles for sale, both on display and available for order. Most titles on display will be aimed at school age children, however, Christian fiction, adult fiction, devotionals, cookbooks, bibles, and more will be available to purchase via online order during the fair.

We look forward to trying out this new Book Fair format, and hope you all will come out to support us!
